

Take a test about your child's education.

PLEASE TURN OVER.

How would you respond?

- 1 Does God's Word tell me how to educate my child?
- 2 I think my child has a Christian teacher this year in the public system. Does that fulfill my responsibility for making sure my child is instructed and trained in the Lord?
- 3 Many of my friends say they want their children to be "salt and light" in the public school. Shouldn't I do that?
- 4 Will I be sheltering my children from the "real world" if I send them to a Christian school?
- 5 Private schools are expensive. How could I ever afford it?
- 6 I went to a public school and I turned out fine. If it's good enough for me it's good enough for my kids, right?
